AI/ML Developer | Web Developer | Data Analyst

Ernakulam, Kerala - 682006, India

PROFESSIONAL SUMMARY

Aspiring Artificial Intelligence Engineer with a strong academic foundation in Computer Science and hands-on experience in AI/ML model development, data analysis, and programming using Python and MATLAB. Adept at leading technical projects, collaborating in team environments, and delivering impactful, data-driven solutions. Eager to contribute to forward-thinking organizations focused on innovation and intelligent systems.

EXPERIENCE

- Tata Elxsi** Jun 2024 - Jul 2024
AI/ML Intern Thiruvananthapuram, India
Collaborated on hardware-integrated AI/ML projects, enhancing system efficiency by 50%. Optimized machine learning models using MATLAB for real-time applications. Gained practical experience in a professional setting, strengthening both technical skills and team collaboration.
- TILT Labs** May 2023 - Jul 2023
Game development Intern Hybrid
Utilized Unity, C#, and Blender to engineer immersive game elements, contributing to the development of game prototypes. Streamlined game production workflows by introducing automated scripting tools, reducing development time by 15%. Assisted in the design and deployment of gameplay mechanics, contributing to the success of multiple projects.

EDUCATION

- Adi Shankara Institute of Engineering and Technology** 2021 - 2025
B.Tech Kerala, India
CGPA: 7.82
- Chinmaya Vidyalaya, Vaduthala** 2021
Higher Secondary Education Kerala, India
Grade: 91.2%
- Chinmaya Vidyalaya, Vaduthala** 2019
Secondary Education Kerala, India
Grade: 84%

PROJECTS

- Voice Emotion Recognition** 2023
Tools: Python, Flask, HTML, CSS, JS, ML, Tensorflow 
Engineered an AI-powered website to analyze voice inputs and return corresponding emotional analysis with 92% accuracy. Integrated machine learning models into a functional web interface, improving user interaction and experience.
- Streamlining Hospital Waste Management** 2024
Tools: Python, Flask, HTML, CSS, JS, ML, Tensorflow, Image classification 
Developed a Hospital Waste Classification System that efficiently categorizes waste into organic, recyclable inorganic, and non-recyclable inorganic using AI models. This funded project aimed to enhance waste management processes, ensuring improved environmental safety and resource management.
- Portfolio** 2023
Tools: NextJS, HTML, CSS, JS 
Designed and launched a personal portfolio website to showcase academic and technical achievements, achieving a 25% increase in web traffic due to SEO optimization. Focused on building a responsive and visually engaging layout, optimizing user navigation on multiple devices.
- FPS Game** 2023
Tools: Unity, Blender,
Developed a first-person shooter (FPS) game using Unity and Blender, incorporating 3D models and animations to enhance player experience. Refined gameplay features based on user feedback, resulting in a smoother interface and improved functionality.

SKILLS

- **Programming Languages :** Python, C, SQL
- **Web Development :** HTML, CSS, JavaScript
- **AI/ML Frameworks :** TensorFlow, Keras, OpenCV, Scikit-learn, MATLAB
- **Key Concepts :** Machine Learning, Deep Learning, Natural Language Processing (NLP), Computer Vision
- **Tools & Platforms :** Git, UiPath, Jupyter, VS Code, Microsoft Office, Microsoft Power BI
- **Soft Skills :** Communication, Presentation, Decision Making, Leadership

ACHIEVEMENTS

- Shortlisted for and participated in YIP 2022.
- Competed in the international-level Hackathon IEEE Xtreme 2024.
- Took part in Tata Elxsi Teleport Season 2.
- Achieved 99.34 percentile in Round 1 of the Naukri Young Turks program.
- Developed a website for the College fest: [Brahma25](#).
- Project approved for KTU CERD funding.

- Audio-Based Emotion Analysis Using Convolution Neural Network - Second International Conference on Trends in Engineering Systems and Technologies 2025

LEADERSHIP AND VOLUNTEER

- **Campus Lead** Jan 2022 - Jun 2023
TinkerHub, ASIET
Leadership
Spearheaded initiatives to teach and mentor students in various tech domains.
Organized collaborations with tech companies, enabling students to gain industry exposure.
- **Technical Lead** Jun 2023 - Jun 2024
TinkerHub, ASIET
Technical support and empowerment
Led various technical workshops and events, empowering students to enhance their skills in emerging technologies.
Fostered a collaborative learning environment, connecting with industry professionals to provide valuable insights.
- **SCT Member** Jun 2023 - Jun 2024
IEEE SB, ASIET
Student Coordination Team Member
Coordinated and taken part in various activities.
Communication, adaptability, creative thinking, team work

CERTIFICATIONS

- **Microsoft :**[Microsoft Certified: Power BI Data Analyst Associate](#) Jun 2025
- **GP3 Cloud Innovations :** Generative AI- 30 hours Add-on Course Dec 2024
- **ICT Academy :** Infosys Foundation Finishing School for Employability Program Oct 2024
- **Infosys Springboard :**[Artificial Intelligence Foundation Certification](#) Aug 2024
- **LinkedIn :** Python for Data Engineering: from Beginner to Advanced Jul 2024
- **IEEE :** IEEE Xtreme 17.0 Hackathon Oct 2023

PROFESSIONAL MEMBERSHIPS

- **IEEE** Nov 2021 - Jan 2025
- **Google Developer Student Club** Sept 2023 - Dec 2024
- **TinkerHub** Nov 2021 - Mar 2025
