Ernakulam, Kerala - 682006, India

PROFILE

Dedicated and enthusiastic B.Tech student from Adi Shankara Institute of Engineering and Technology, possessing a solid background in Computer Science(AI) competent in Matlab, AI/ML, and Python, as shown by internships and college projects. Keen to use my knowledge and abilities to tackle problems in the real world and possess a strong passion for technology. Proven ability to work well in teams, with excellent communication and problem-solving skills.

EXPERIENCE

- **Tata Elxsi** June 2024 - July 2024
Intern Thiruvananthapuram , India
 - The internship I did at Tata Elxsi involved working on AI/ML projects that were intended to be integrated with hardware. I worked with team members on a variety of projects and became proficient in MATLAB, which gave me invaluable experience and exposed me to a professional work atmosphere.
- **TILTEDU** May 2023 - July 2023
Intern Hybrid
 - I completed an internship at TILTEDU, where I acquired hands-on experience with game production tools such as Unity, C#, Visual Studio, and Blender. This experience improved my technical abilities and gave me hands-on experience with actual game development projects.

EDUCATION

- **ADI SHANKARA INSTITUTE OF ENGINEERING AND TECHNOLOGY** 2021 - 2025
Btech Kerala, India
 - CGPA: 7.5
- **Chinmaya Vidyalaya, Vaduthala** 2021
Higher Secondary Education Kerala, India
 - Grade: 91.2%
- **Chinmaya Vidyalaya, Vaduthala** 2019
Secondary Education Kerala, India
 - Grade: 84

PROJECTS

- **Voice Emotion Recognition** 2024
Tools: PYTHON, FLASK, HTML, CSS, JS, ML, TENSORFLOW 
 - Developed an AI/ML-powered website where people can enter their voice and obtain the corresponding emotion as an output. The project included developing and integrating the model with the website, gaining valuable expertise in teamwork, documentation, and model development.
- **Portfolio** 2024
Tools: NextJS, HTML, CSS 
 - I created a portfolio website, for this project to showcase my experiences and projects in a visually engaging and easy to use layout. It highlights my skills in AI/Machine Learning (ML) web development and design by incorporating design principles and ensuring navigation on all devices. The website also reflects my personal development journey capturing my love for technology and commitment to making an impact, on others. This project enhanced my abilities in front end development. Provided me with a grasp of creating a compelling online presence.
- **FPS Game** 2024
Tools: Unity, Blender, 
 - I created a beginner person shooter (FPS) game, with Unity and Blender. The project includes game play elements like 3D models and animations to provide a learning opportunity, in the realm of game development and design.

SKILLS

- **Programming Languages:** Python, C, HTML, CSS, JS, NextJS, SQL
- **Web Technologies:** AI, ML, Web Development, UI/UX, Microsoft Office
- **Database Systems:** SQL
- **Data Science & Machine Learning:** Microsoft Azure, Jupyter, Visual Studio Code, Google Collab
- **Specialized Area:** Leadership, Communication, Presentation, Decision making
- **Other Tools & Technologies:** Docker, Pycharm

LEADERSHIP EXPERIENCE

- **Campus Lead**

TinkerHub, ASIET

- Leadership
- Taught and learned new technologies as well as made new connections on the way.
- Taken initiative for events and new collaborations.

January 2022 - June 2023

- **Technical Lead**

TinkerHub, ASIET

- Technical support and empowerment
- Taught new technologies and created a technical environment for students.
- Have taken lead to conduct various events and connected with different industrialist.

June 2023 - June 2024

VOLUNTEER EXPERIENCE

- **SCT Member**

IEEE SB, ASIET

- Student Coordination Member
- I have coordinated and taken part in various activities.
- Communication, adaptability, creative thinking, team work

June 2023 - June 2024

PROFESSIONAL MEMBERSHIPS

- **IEEE**
- **Google Developer Student Club**
- **TinkerHub** November 2021 - Present

November 2021 Year - Present

September 2023 - Present

ADDITIONAL INFORMATION

Languages: English (C1), Malayalam (B2), Hindi (A2)

Interests: Gaming, Cycling, Traveling
